

# Volunteer Agreement

Thank you for your dedication and passion. Without the dedicated work of volunteers like you, Puget Sound PMI (PSPMI) would not be able to serve our members.

In consideration of your participation as a volunteer, we ask you to confirm your understanding and agreement to the following:

- You agree, for your own safety and that of others, that you will comply with PSPMI volunteer policies, rules, and other directions.
- You assume full responsibility for all risks that may arise from your presence events or activities. These include risks arising from conditions at facilities, traveling to or from events, or interacting with members, other volunteers, or others.
- You agree to waive and release any claims against PSPMI and its directors and employees, including any claims for death or for injury to your person or property, resulting from your participation as a PSPMI volunteer.
- You authorize PSPMI to provide you first aid, emergency medical assistance, and transportation.
- You always agree to hold in confidence, during and after participation, any confidential information you have access to as a volunteer of PSPMI, and to use and disclose such information only as expressly authorized by PSPMI.
- You grant full and exclusive rights to PSPMI in any works you may create in the course of volunteer activities, and in any brochures, posters, reports, websites, software, presentations, or other materials you create or help to create for PSPMI, including any intellectual property rights in or derivatives of such materials.
- You consent to use of your image, voice, name, or story by PSPMI, for purposes of promotion and fundraising, on its website, in its publications, through social media, or any other media. You agree that you have no right to approve or receive payment for such use, and to waive any legal claims related to such use, including claims relating to copyrights.
- You understand that you are not an employee of PSPMI and will not be paid for participation as a volunteer or be eligible for participation in any benefit plans.
- You understand this agreement applies throughout the duration of your participation as a PSPMI volunteer, and that this agreement is complete and supersedes all prior or contemporaneous communications or understandings between you and PSPMI relating to volunteer activities.
- You understand the responsibility to safeguard PII (Personally Identifiable Information), including Sensitive PII, and that you agree to comply with the standards for handling and protecting PII. You also agree to report the potential loss, theft, improper disclosure, or compromise of PII.
- You have read this agreement and understand its terms. You sign it freely and voluntarily.

Thank you again for volunteering with Puget Sound PMI.
